

Testimonials

I am so pleased that I did this and I don't think I ever would have done it without Leah making it so easy. Leah is such a good listener and questioner that I very much enjoyed the interview sessions, and all the time I spent with her on the project. I LOVE my Legacy Letter!

*L*eah Dobkin is a gifted writer. She interviewed my four adult children. The beautifully crafted letters reflected on memories from their childhood, lessons from their lives and thoughts that they wanted us to know. The Legacy Letters are a treasure to my wife and I.

- Dave and Marge Hamacher

*L*eah's approach to getting a life-time of experiences into a readable format is remarkable. Best part of my experience is I know Leah listened well and captured the important events and concepts. Our family and my grandchildren are the beneficiaries of her skill.

What is a Legacy Letter?

A Legacy Letter is a loving testament of a person's values, experiences, wisdom and expressions of hope and gratitude incorporated into a beautiful heirloom book or recording.

The process is easy. All you have to do is talk and review what Leah Dobkin writes. It's a collaborative, fun and highly satisfying experience, done in-person or over the phone. The interview is confidential, and you will always have the final say of what goes into the letter. The letter is incorporated into a beautifully designed book, which can include your favorite photographs, recipes, poetry or art.

Every Legacy Letter is
as unique as you

It can commemorate a special event or a transition in someone's life. It can also become a value-added service to attract and retain clients to your business or donors to your nonprofit organization.
